

# LEADERSHIP PROGRAM for Aspiring Managers

A unique job-embedded management course providing immediate self-confidence for young leaders

Identify unique personality strengths

Improve your stress management and increase resilience for yourself and your team

Communicate effectively with confidence

## Lead with confidence, increase critical thinking and solve problems efficiently

For young managers, the current challenge of guiding people through uncertainty into a new reality where leading virtually has become standard, brings timeless needs into sharper focus. Emotional intelligence and flexibility become even more essential now to keep teams cohesive, engaged and motivated.

Our program focuses on the most essential aspects of leadership. In this digital format, young leaders put in practice the models used with their coach, experience key insights from their peers, and transfer knowledge immediately into their work reality.

6 Weeks  
entirely online

3 Half-Day Online  
Workshops, 2 Webinars

**MBTI®**

Courses in English,  
German and French

## Your Takeaway: 3 Most Essential Aspects of Leadership

1

### Self-Awareness & Personality

Great leadership starts with self-reflection:  
Increase self-awareness about strengths and  
potential to develop confidence in leading self  
and others.

2

### Impactful Communication & Feedback

Find your own style:  
Make effective communication and feedback  
culture part of your leadership practice.

3

### Emotional Intelligence & Stress Management

Unlock the power of your EQ:  
Learn the ability to reduce stress and turn difficult  
situations into rewarding experiences.

### Individual ROI

- Grow your strengths to communicate with confidence.
- Develop empathy skills to better understand yourself and your team.
- Learn to manage stress for yourself and your environment.

### Organizational ROI

- Bring talents in your organization to the next step of leadership.
- Improve internal & external collaboration.
- Customizable as inhouse-program.
